

AUSTRALIA DAY AWARD 2011

Lone White, President of the Visual Arts Association of Far North Queensland, was presented with Cairns Regional Council's Australia day medal for Arts and Culture.

The Cairns Regional Council Australia Day Awards are endorsed by the Federal and State Governments in line with the national Australia Day Awards, and recognise the unsung heroes in our community who enrich the lives of others, and do so with no fanfare and very little public recognition.

As an accomplished Ceramicist and life member of both the Cairns Art Society and the Cairns Potters Club Lone has devoted enormous energy into the promotion, support and recognition of Visual Arts within the broader Cairns Region.

Lone receives the award medal & certificate from Cairns Mayor Val Schier.
